Generator SmartSizing™

To make sure you have just the right amount of steam for your new home spa experience, use the chart below to help define the shower size and finish materials to determine the correct steam generator size.

Or simply visit VirtualSpa.MrSteam.com, it will do the math for you and take you step-by-step through the whole steam shower selection process.

- 1** Measure length, width & height of the steam enclosure (in feet):

Multiply

Length ____ x Width ____ x Height ____

ROOM VOLUME =

- 2** Construction Materials:

For natural stones: Add 110%
natural marble, stone,
shale, glass block or concrete.

For ceramic or porcelain
tile on cement board Add 40%
or mortar bed.

Ceilings above 8 ft Add 15%
(per foot, max 10 feet)
For acrylic deduct 15%

- 3** Add all figures (from the left) to obtain the Total Room Volume required

TOTAL VOLUME

Compare your TOTAL ADJUSTED ROOM VOLUME to the Specification Chart for Residential (below) and select the appropriate model.

Occasionally a steam room has unforeseeable or hidden construction that warrants special sizing or other consideration. MrSteam is not responsible if unconventional and/or unforeseeable materials or construction details result in a unit that does not operate to specification. Refer to the applicable MrSteam Installation, Operation & Maintenance Manual, available at mrsteam.com, and consult a properly licensed contractor, architect and/or design professional.

Failure to do so may result in an inoperable or hazardous condition. See product packaging and labeling for additional important information.

“Hmmm... what steam room control do I want?”

iSteam®3 Touch-Screen Control

The intuitive swipe-touch navigation effortlessly controls steam room temperature, time, and overall functionality, and can control Aroma, Chroma, and Music Therapies.

AirTempo® Wireless Control

The wireless, 100% waterproof, touch-activated glass screen control allows for easy surface mount installation (even on glass) and seamless steam room functionality.

iTempo® Plus Keypad Control

The digital, adjustable, user-friendly steam room control with a flush mount design available in a variety of designer finishes.

All controls work with all Steam Generators and the SteamLinx App.

Each control is available in complete packages to make the process simple and save you money! You can select options à la carte, but these Packages make it so simple.
